THE BIOCHEMISTRY GLOBAL SUMMIT LISBON

Dear Colleagues,

We are glad to invite you to The Biochemistry Global Summit, which will join in one single global event the 25th IUBMB Congress, the 46th FEBS Congress and the 15th PABMB Congress, happening from the 9th to the 14th July 2022, in Lisbon, Portugal.

Lisbon is one of the most dazzling cities in Europe, and we prepared a program covering a broad spectrum of timely topics in the fields of molecular life sciences that will bring together top scientists from all over the world in a true “global summit”.

We are working to make the event in Lisbon a milestone of a new reality in which we can get back together personally and share all the experiences that enrich us as professionals and human beings. We look forward to welcoming you in Lisbon in July 2022!

GRAÇA SOVERAL
MIGUEL CASTANHO

LISBON

History is found in every corner of this heritage city, but Lisbon is also a cosmopolitan place where you will find the latest cultural events, a wide range of restaurants and hotels, hi-tech innovation and, most important, the warmest hospitality for visitors. We are sure after a visit you will love our city almost as much as we do! Find more about us here.

VENUE

Lisbon Congress Centre (CCL) is the largest conference centre in Lisbon. It offers flexibility, security, accessibility, maximum comfort and efficiency, ensuring great services and the most up to date technology. CCL is located in the historical area of Belém, by the Tagus River. More information here.
